

PROGARM **RECYCLE**

HELPING YOU REDUCE

LANDFILL WASTE

TAKING OUR RESPONSIBILITY SERIOUSLY

Reducing the impact that we, and our industry have on the planet is a priority for us. We believe that not only should we take the hard decisions to make the best choices for the environment, but that it is our responsibility to enable our customers to make better choices too.

ProGARM RECYCLE is our initiative to prevent the addition of ProGARM to the 350,000 tonnes of textiles that go to landfill in the UK every year, by offering every single one of our UK customers the ability to return their PPE to us at the end of its life or reprocessing.

Our customers range from small one location teams to huge multisite corporations, and we have ensured that **ProGARM RECYCLE** has a returns and collection ability that scales per individual requirement. From manual ad hoc box returns to monthly scheduled recycle bin collection across multiple sites, and service charges scale accordingly.

To allow us to offer this sustainability enhancing service, we have partnered with an industry-leading textiles recycling company who are committed to sending zero textiles waste to landfill. Our partner is certificated to ISO9001 (Quality), ISO14001 (Environmental) and ISO45001 (H&S), this compliments our own ISO9001, 14001 & 27001 certificate.

Safety and security are paramount to us, we are aware of the potential dangers of branded workwear items being accessible to the wrong people, putting vulnerable members of the public and brand reputations at risk. Our recycle partner works in accordance with BS EN: 15713-2009 Secure Destruction of Confidential Material Code of Practice ensuring all branded items are shredded and de-badged the moment they hit site safeguarding any vulnerabilities.

Not only can we recycle end of life products helping our customers prevent landfill, we can also issue a certificate to evidence confidential destruction, waste transfer notice and an environmental management information document (Supplied Monthly or Yearly) that details the weight recycled or saved from landfill to help you to evidence your environmental goals, this can be given as a per site breakdown if you have more than one collection site.

- ✓ **Zero PPE Garments to landfill**
- ✓ **Reducing the risk of ground contamination**
- ✓ **3 Service options to suit your needs**
- ✓ **Collections to suit you**
